Dear Sir/Madam,

The NEP 2020 has given a clarion call for holistic value-based education to prepare our youth and develop our Nation, "Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development".

AICTE have been working on value-based education for value-based living for the past several years. In the last 3 years, we have come across a simple, extremely effective and promising content and methodology. It is called "Universal Human Value (UHV)". The content is universal, rational, verifiable and leading to harmony – and we have seen almost immediate and positive indicators of self-development as well as institutional progress. The steps taken by the All India Council for Technical Education in the direction of imbibing universal human values education among teachers and students have proved to be transformational.

Each AICTE approved college is expected to prepare a minimum number of faculty to mentor students and to teach UHV. This is mentioned in the 2020-21 Approval Process Handbook also.

In this context, you can attend or encourage suitable faculty members from every department / branch / discipline of your college/university to prepare themselves as **UHV Faculty (Mentors)**. Suggestive selection criteria are provided below. They can be provided duty leave, by suitably adjusting their classes, to attend the 5-day Introductory UHV FDP ONLINE.
