GUIDELINES FOR THE SCHEME OF SCHOLARSHIP FOR COLLEGE STUDENTS

OBJECTIVE

To provide financial assistance to meritorious students who are not getting Fees Reimbursement from the Government to meet a part of their day-to-day expenses while pursuing higher studies.

SCOPE

The scholarships will be awarded on the basis of the results of previous year examination. 5 fresh scholarships per annum [1 Freeship + 4 Scholarship] will be awarded for graduate studies from each branch in colleges.

ALLOCATION OF SCHOLARSHIPS

The total number of scholarships will be divided amongst the five students from each year in each department, after segregating share of one freeship and four scholarships on the basis of number of students passing out from previous semester who had secured the highest percentage.

ELIGIBILITY

Students who are secured top five positions of successful candidates in the relevant stream for a particular Examination, in last semesters, and as may be further modified from time to time, pursuing UG, MBA & MCA courses from our institution and not availing of any other scholarship scheme, would be eligible for consideration under this Scheme. This is applicable to all categories of students both 'general' and 'reserved'.

SELECTION PROCEDURE

The college Academic Council Committee chaired by Principal will draw up a merit list of scholars likely to be eligible for scholarship within five weeks after the results of the examinations announced for all students. The income of the students parents will be taken into account before preparing the list. The authorized person will write to the eligible students from the top of the merit list up to the number of scholarships available through a registered letter to confirm within 15 days whether he/she is prepared to accept the scholarship. The candidates from whom replies are not received within 30 days seeking their willingness will not be considered for scholarship and the award will be given to the next eligible candidates in the merit list.
