Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on IMPORTANCE OF INCULCATING LANGUAGE SKILLS AND SOFT SKILLS FOR ENGINEERING GRADUATES. We request you to suggest possible dates preferably between Oct 18<sup>th</sup> to 26<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

### **REPORT ON**

## **“Importance Of Inculcating Language Skills And Soft Skills For Engineering Graduates”**

Photographs of the “Importance Of Inculcating Language Skills And Soft Skills For Engineering Graduates” Programme at SIEMENS CBT lab.

### **Course overviews**

Importance Of Inculcating Language Skills And Soft Skills For Engineering Graduates program has been conducted by department of mechanical engineering from 21<sup>st</sup> to 24<sup>th</sup> OCT 2019. In this workshop the students learnt the communications. The trainers primarily provided hands on sessions to the students which makes them easy understanding.

Which is proactive and symphony between classroom learning and practical training provides the opportunity to speak, interact and share. Engineering is all about offering a solution to the problem at hand. It is also about sharing new ideas for product development and research. In either of the cases, communication is vital for effective communication.

During this 4 days workshop students understood about the usage and necessity of Importance of Inculcating Language Skills and Soft Skills for Engineering Graduates.

### DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

#### Report on

### Guest Lecture on “Operation And Maintenance Of Substation”

**Date:** 24-04-2021

**Target Audience:** III, IV B.Tech(EEE) Students

**Name of Resource Person:** *Mr.S.V.MAHESH BABU*

The Department of Electrical and Electronics Engineering of Siddharth Institute of Engineering & Technology has organized a **Guest Lecture on “Power Grid Concepts”**

on 10-10-2017 in A- Block EEE Seminar Hall. The Guest lecture is aimed to create awareness about the *Trends and Technology*.

#### INAUGURAL SESSION:

Mr. N Ramesh Raju, HOD of EEE welcomed and inaugurated the Workshop at 9.15 AM. *Mr.S.V.MAHESH BABU*, started his session after stating the objectives and significance of the programme.

#### TECHNICAL SESSIONS :

In this session resource person explain how Media and technology involve to develop new application in real time with examples. In the second session explain about Change cycles and future patterns. #### VALEDICTORY SESSION:

The program was ended with vote of thanks by Mr N Ramesh Raju. , HOD of EEE.

The Workshop was ended with a feedback session by the members. In that they have expressed their interest and willingness in arranging more programmes of this kind.

#### OUTCOME :

All the sessions were very much informative. The discussed areas are of great benefit for the participants as the topics match with the current working domain. Participants were enlightened with the most widely used advance technologies in this domain. This in turn will help in research activity and placement opportunity.

### DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

#### Report on

#### Workshop on *DSPACE*

**Date:** 4<sup>th</sup> January, 2020

**Target Audience:** III, IV B.Tech(EEE) Students

**Name of Resource Person:** *Mr. Vallabhaneni Raviteja*

The Department of Electrical and Electronics Engineering of Siddharth Institute of Engineering & Technology has organized a workshop on “*dSPACE*” on **31-01-2020 to 01-02-2020** in A- Block Seminar Hall. The Workshop is aimed to create awareness about the *dSPACE*

#### INAUGURAL SESSION:

Dr. N Ramesh Raju, HOD of EEE welcomed and inaugurated the Workshop at 9.15 AM. *Mr. Vallabhaneni Raviteja Garu*, started his session after stating the objectives and significance of the programme.

#### TECHNICAL SESSIONS :

##### Session – I:

The Day started with full of interesting Question and Answers about the Application of *DSPACE*. He explained basic concepts of technologies and Change Pressures and Trends in new technologies. The Resource person delivered important of technologies, What we know about learning, Technology, Teaching, and Learning of new technologies.

##### Session – II & III

In this session resource person explain how Media and technology involve to develop new application in real time with examples. In the second session explain about Change cycles and future patterns. He continue about Change cycles and future patterns and then in the second session explain basic important topics ,principals and rules to New Learners.

##### Session – IV & V

INTRODUCTION TO *DSPACE*: Interactive Sessions, Menus and the toolbar, computing with MATLAB, Script files and the Editor Debugger,

##### Session – VI & VII

FUNCTIONS & FILES: Elementary Mathematical Functions, User Defined Functions, Advanced Function Programming, Working with Data Files.

### **Session - VIII**

**PROGRAMMING TECHNIQUES:** Program Design and Development, Relational Operators and Logical Variables, Logical Operators and Functions,

### **VALEDICTORY SESSION:**

The program was ended with vote of thanks by Dr N Ramesh Raju. , HOD of EEE.

The Workshop was ended with a feedback session by the members. In that they have expressed their interest and willingness in arranging more programmes of this kind.

### **OUTCOME :**

All the sessions were very much informative. The discussed areas are of great benefit for the participants as the topics match with the current working domain. Participants were enlightened with the most widely used advance technologies in this domain. This in turn will help in research activity and placement opportunity.

### ABOUT SCALE

It came up as an idea from students belonging to various engineering institutions in India. Together this team came up with an idea to make something more interesting happen for the students wherein they could learn and get more from the regular teachings.

And so was the **STUDENT CONSORTIUM for ADVANCEMENT & LEARNING in ENGINEERING EDUCATION** made to come into existence. Wherein IUCEE played a major role to support the entire idea. **SCALE** now also stands as a member of IFEES.

### VISION

To foster and establish students as means of transforming pedagogy and praxis of engineering education.

### MISSION

To improve engineering education, in tandem with academia and industry, through empowering and fostering students as means of positive change in local societies, imbued with pragmatic efforts aimed at creating holistic value.

"SCALE" in partnership with IUCEE is running with the primary agenda of:

- Achieving a strong and potential student membership, where in students all over the country can network, collaborate and contribute towards engineering education

### AP CONSORTIUM WORKSHOP

The AP Consortium Workshops is a 3-day tailor made event exclusively for Andhra Pradesh state Engineering Institutions. Student's come together forming teams, working on problem statements & ideas based on a Theme & various Tracks, later developing action plans (solutions), which can be implemented providing life size solutions.

With trained facilitators from SCALE for the workshop to be hosted by any institution. The students get to learn a lot from various activities, debates, brainstorming sessions, discussions and much more. With primary focus on Engineering Education with help of Project Based Learning and Outcome Based Education.

Fun activities are always a part of these amazing workshops. Students later can also be a part of the SCALE Annual Conference.

### Theme & Tracks (2018 – 19)

Theme: 21<sup>st</sup> Century Grand Challenges in Engineering

Track 1: Energy

Track 2: Infrastructure & Development

Track 3: Advanced Learning

and development, while carrying forward the ethos of the organisation.

- Conduct & implement successful & value creating student oriented workshop.
- Establish a strong collaboration with industry simultaneously, providing a sustainable support to the student community.
- Partner with, and establish stable and potential industry collaborators, to work simultaneously with the students, providing them with hands on technical and industrial support wherever needed.

### ABOUT IUCEE

Indo Universal Collaboration for Engineering Education (IUCEE) was conceptualized by over 150 leaders of engineering education and businesses from US and India in 2007. The name was modified in 2016 from Indo US Collaboration for Engineering Education to reflect the more global nature of the collaborations. IUCEE is one of the founder members of IFEES (International Federation for Engineering Education Societies), which was the primary facilitator for the growth and development of IUCEE.

The vision of IUCEE is to improve the quality and global relevance of engineering education and research in India with related benefits to engineering educators around the world. The major focus is on faculty development, student development, curriculum development, as well as improved teaching technologies & engineering education research.

### DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

#### Report on

#### Workshop on *SCALE*

**Date:** 28 July, 2018

**Target Audience:** III, IV B.Tech(EEE) Students

**Name of Resource** *Mr.Prathusa*

The Department of Electrical and Electronics Engineering of Siddharth Institute of Engineering & Technology has organized a workshop on “*SCALE* ” on 26-7-2018 to 28-7-2018 in A- Block EEE Seminar Hall. The Workshop is aimed to create awareness about the *SCALE*

#### INAUGURAL SESSION:

Dr. N Ramesh Raju, HOD of EEE welcomed and inaugurated the Workshop at 9.15 AM. *Mr.Prathusa*, started his session after stating the objectives and significance of the programme.

#### TECHNICAL SESSIONS :

The Day started with full of interesting Question and Answers about the Application of *SCALE*. He explained basic concepts of technologies and Change Pressures and Trends in new technologies. The Resource person delivered important of technologies, What we know about learning, Technology, Teaching, and Learning of new technologies.

Though *SCALE* encourages Third and Fourth year students as well to become a part of it, if they are not aware of *SCALE*. A team of young & enthusiastic students is formed and they are advised to work on different aspects of engineering and basic management for their entire course and interested students are supported by *SCALE* for their research work.

#### Consortium Workshops:

A series tailor made three-day workshops organized specially at an esteemed institution for specific regions and states. Students can participate from nearby or regional areas, wherein one can bring new ideas, develop action plans and implement them into the society or bring it as life size solutions

This workshop would be taken under complete responsibility of the institution and our *SCALE* facilitators. The workshop is to be mentioned as a part of the *SCALE* & IUCEE jointly, with fees levied on every participant for the workshop to be undertaken.

### **VALEDICTORY SESSION:**

The program was ended with vote of thanks by Mr N Ramesh Raju. , HOD of EEE.

The Workshop was ended with a feedback session by the members. In that they have expressed their interest and willingness in arranging more programmes of this kind.

### **OUTCOME :**

All the sessions were very much informative. The discussed areas are of great benefit for the participants as the topics match with the current working domain. Participants were enlightened with the most widely used advance technologies in this domain. This in turn will help in research activity and placement opportunity.

#### Report on

#### Guest Lecture on “Power Grid Concepts”

Date: 10-10-2017

Target Audience: III, IV B.Tech(EEE) Students

Name of Resource Person: *Mr.S.V.MAHESH BABU*

The Department of Electrical and Electronics Engineering of Siddharth Institute of Engineering & Technology has organized a Guest Lecture on “Power Grid Concepts”

on 10-10-2017 in A- Block EEE Seminar Hall. The Guest lecture is aimed to create awareness about the *Trends and Technology*.

#### INAUGURAL SESSION:

Mr. N Ramesh Raju, HOD of EEE welcomed and inaugurated the Workshop at 9.15 AM. *Mr.S.V.MAHESH BABU*, started his session after stating the objectives and significance of the programme.

#### TECHNICAL SESSIONS :

In this session resource person explain how Media and technology involve to develop new application in real time with examples. In the second session explain about Change cycles and future patterns. He continue about Change cycles and future patterns and then in the second session explain basic important topics ,principals and rules to New Learners.

#### VALEDICTORY SESSION:

The program was ended with vote of thanks by Mr N Ramesh Raju. , HOD of EEE.

The Workshop was ended with a feedback session by the members. In that they have expressed their interest and willingness in arranging more programmes of this kind.

#### OUTCOME :

All the sessions were very much informative. The discussed areas are of great benefit for the participants as the topics match with the current working domain. Participants were enlightened with the most widely used advance technologies in this domain. This in turn will help in research activity and placement opportunity.
