7.1.8 Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities

Siddharth Institute of Engineering and Technology strongly believes the unity in diversity which is the symbol of uniformity in India. Our students are from different religions, languages and socio economic cultures. It vividly trusts that the college is the second home of all the students, faculties who greet and wish one another at different festivals, occasions and invite them to know one's tradition, culture.

It enhances to have the impeccable relation and maintain the religious, social and communal harmony. Similarly our students also celebrate different festivals with joy and enthusiasm which help them to build the social and religious harmony. India is unique by its diversity and also one of the populous countries in the world. India presents endless varieties of physical features and cultural patterns. It is the land of many languages, culture and tradition.

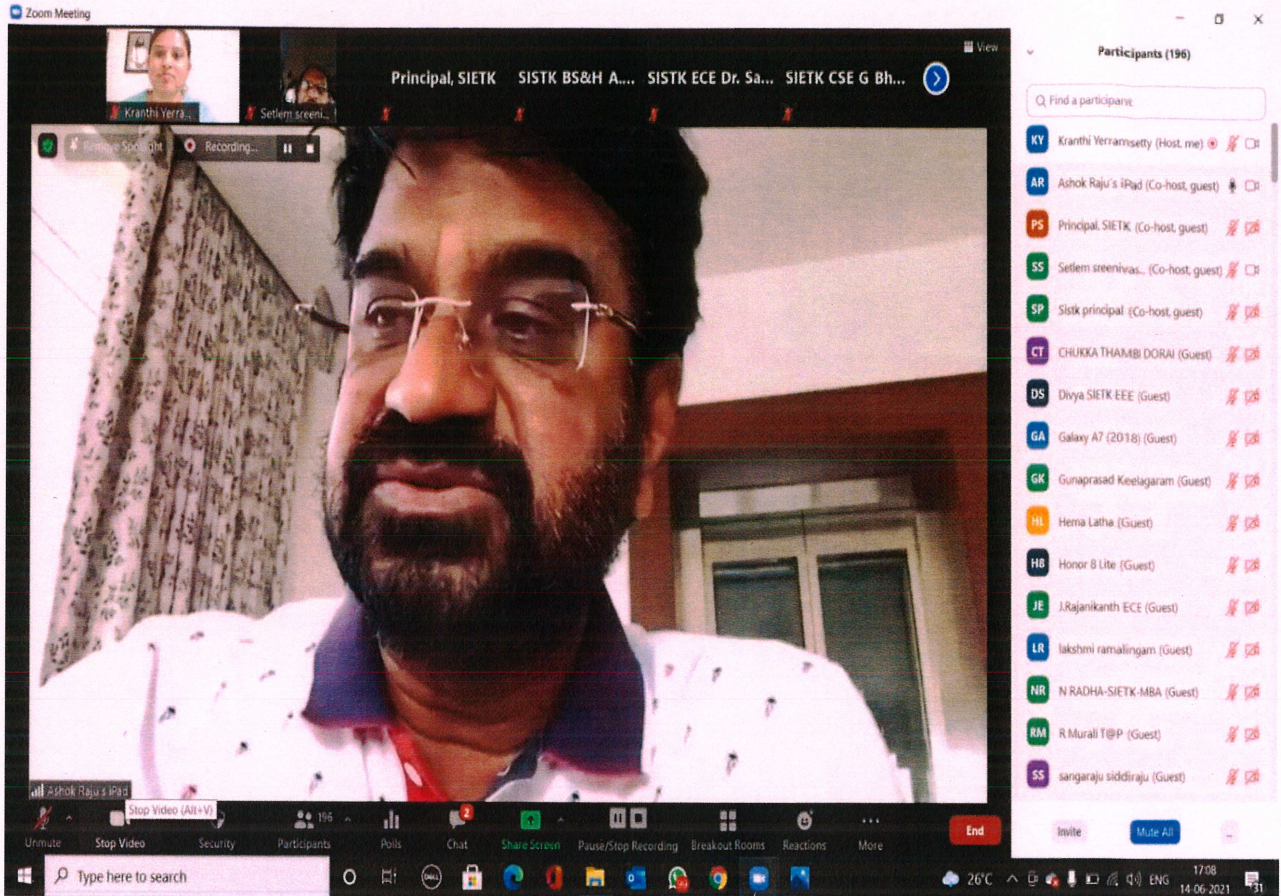

To represent our Indian culture, the institution celebrates the traditional day, different regional festivals along with national festivals viz., Independence Day and Republic day. Through these, students get acquainted with the different cultures of our nation and help developing the tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities. This also creates the inclusive environment in the college and society.

The Institution imbibes an inclusive environment for everyone with tolerance and harmony towards the cultural, regional, linguistic, communal, socioeconomic and other diversities. Different sports and cultural activities are organized inside the college to promote harmony and friendly relation towards one another. This establishes positive interaction among the people.

5. All HOD'S, Staff & Students.

5. **No. of .Students volunteers** : 100

6. **About Programme** : We are observing the new voters, who have attained the age of 18 years, were showing less interest in getting enrolled in the electoral rolls, In order to effectively deal with this problem, the Election Commission has decided to take up a vigorous exercise to identify all eligible voters attaining the age of 18 years as of January 1 every year in each of the 8.5 lakh polling stations across the country. Such eligible voters would be enrolled on time and handed over their Electoral Photo Identity Card (EPIC) on January 25 every year.

This year our student volunteers conducted registration (above 18 years student) of new voter ID in electoral commission website in college campus. We identify the new voters and enrolled their name.
