Dear Sir/Madam,

We feel excited to welcome you to the "Android Application Development". The Program is going to happen from 29-03-2021. So, we are assigning 2 trainers for your college, **Siddharth Institute of Engineering & Technology, Puttur**. Food and Accommodation for the trainers has to be taken care of by the College Management.

Please get ready with the following Requirements For Github:

- Os : Windows 10 / Ubuntu 14.04LTS +
- RAM: 8 GB (Recommended) Processor: i3 and Above
- Disk Space: 20GB
- Software Requirements: Android Studio

Other Requirements to attend these workshops

1. As this is a Hands-on workshop, We recommend that you have a laptop / Desktop accessible to you.

### Training Program Details:

- Program Name: **Android Application Development**
- Start date: **29-03-2021**
- Session Timings: **College Regular Timings**
- Course Content Link: **CLICK HERE**
- Registration Fee: **300 per student**
- Registration Link: **https://www.apssdc.in/home/**
- Broucher Link: **Click Here**

### Trainer Details:

S.No	Name	Gmail	Mobile Number
1	Mastan vali Pinjari	mastanvali.p@apssdc.in	6301067787
2	Mani Kantha Gopal Vamanapalli	manikanthagopal.v@apssdc.in	9493872308

### College SPOC Details for Communication:

S.No	Name	Gmail	Mobile Number
1	Kumar RG	rgkumarsietk@gmail.com	8977860747

Note:

- Everyone Should Follow Covid Precautions.
- At the end of the workshop, students payment should be completed

Dear Sir,

Thanks for the reply. But a small change in the program schedule....

Web Development Using Django - 15-03-2021 to 20-03-2021 **(This is as planned)**  
Android Application Development - 29-03-2021 to 03-04-2021 (1 week ahead of planned).....

This change is because of the postponement of the re-opening date for the even sem ...

Kindly consider this change and accept it...

Regards  
Kumar RG

The term 'entrepreneurship skills' implies that competences can be identified that is associated with (successful) entrepreneurship and may be distinguished from attributes and behaviours that are typically associated with entrepreneurs. Entrepreneurship is the ability of entrepreneurs to assess the risks and establish businesses which are risky but at the same time suits perfectly to the changing scenarios of the economy. Entrepreneurs are the individuals who have the courage to take several risks and single handedly operate their business. An entrepreneur is a leader, innovator, thinker and motivator for his team. However, it isn't an easy task to be an entrepreneur. There are specific managerial skills that an entrepreneur must master in order to be successful in his ventures.

Date: 17.03.2021

## Submitted to Dean/ R&D:

A seminar was conducted on the topic “**How to improve citation on Research Publication**” which was organized by the R&D department on 16.03.2021.

The seminar aims on how to improve citation on research publication that benefits to students, research scholars and faculty members of the institutions. The seminar was intended for our college faculty members and other research scholars of the institute.

## **INAUGURAL SESSION:**

The esteemed personalities present on the inauguration of the programme:

1. Mr P. Karthikeyan – Felicitations address  
Associate Professor, Department of MCA, SIETK, Puttur
2. Dr. G. Prabhakaran – Welcome address  
Professor, Department of Civil, SIETK, Puttur
3. **Dr. P.G Kuppusamy,** – **Resource Person**  
**Professor, Department of ECE, SIETK, Puttur**
4. Dr. Sunil Kumar Reddy – Vote of thanks  
Professor, Department of Mechanical, SIETK, Puttur
5. Dr. M. Janardhana Raju – Concluding session  
Principal, SISTK, Puttur

The session started with a welcome address by Mr. P. Karthikeyan, Associate Professor, Department of MCA, SIETK. Totally around 49-faculties have participated in the seminar program out of which 38 are doctorates and 11 are assistant faculties of the institution. Dr. P.G Kuppusamy, who is a professor in the Department of ECE was about to present on the topic “**How to improve citation on Research Publication**”.

# SIDDHARTH INSTITUTE OF ENGINEERING & TECHNOLOGY (AUTONOMOUS)

(Approved by AICTE, New Delhi & Affiliated to JNTUA, Ananthapuramu)

(Accredited by NBA for Civil, EEE, Mech., ECE & CSE

Accredited by NAAC with 'A' Grade)

Puttur -517583, Chittoor District, A.P. (India)

Dr. Kuppusamy, Professor, Department of ECE, took over the session with his power-point slides by giving the content which he is going to discuss-on. He started with various databases available over the internet like, Google scholar, Research gate, Scopus, web of science, Publon, VIDWAN, ORCID and many other on which different citation value is given by different concerns. He also explained what is meant by h-index and how the citation gives an impact on our journal paper. He also insisted on how to improve to improve these citation values and also continued by showing practically on how to register and access these websites. He also explained about his own publications; showing the different in his h-index from different databases. The session finally concluded with discussion among the participants and clarification of queries which made a highly informative session for the participants

## **VALEDICTORY FUNCTION:**

At the end of the program, a valedictory function was conducted by our respected benefactor Dr.K. CHANDRASEKHAR REDDY, Principal, SIETK, Puttur who appreciated Dr. P.G Kuppusamy for volunteering himself on explaining about the significance of citation and how to improve them. He also appreciated the participants for showing their enthusiasm towards this program. Dr. M. Janardhana Raju, Principal, SISTK, Puttur concluded with the vote of thanks.

## **OUTCOME :**

The sessions were very much informative and the discussed topics are of great benefit to the participants. The topics match with the current scenario made the participants to get progress with the most widely used advance technologies in this domain. This in turn will help in research activity and enhancement of knowledge for the faculties in their carrier.

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of Engineering and technology, Puttur.

Greeting to you,

We, Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupati. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. WE are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on CATIA DESIGNING. We request you to suggest possible dates preferably between Dec 28<sup>th</sup> to Jan 9<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

### **REPORT ON “CATIA DESIGNING”**

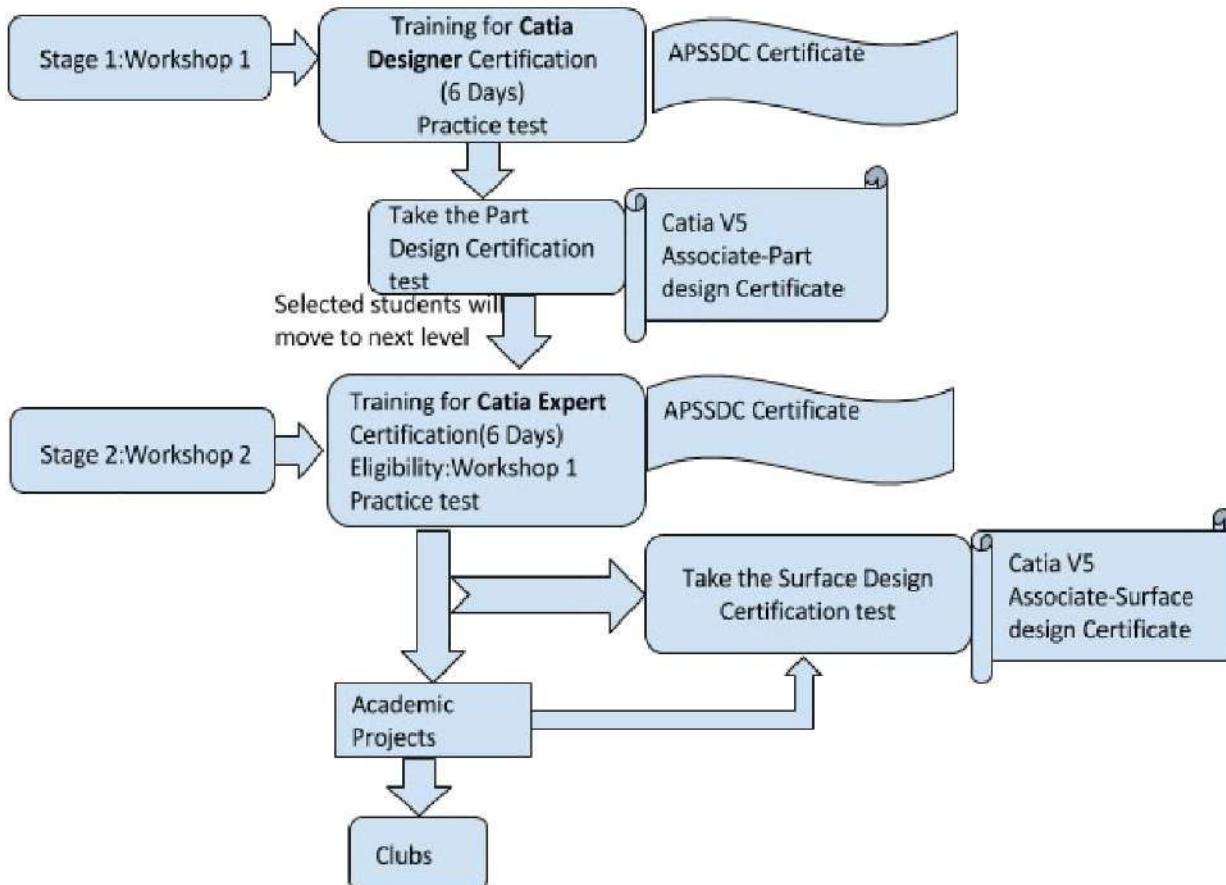

Photographs of the CATIA DESIGNING Program at SIEMENS CBT lab  
Catia Designing

## Course Overview

CATIA Designing program has been conducted by department of mechanical engineering from 4<sup>th</sup> to 9<sup>th</sup>, Jan, 2021. In this workshop the students learnt the designing and modeling of the various engine components in the 2D and 3D software. The trainers primarily provided hands on sessions to the students which makes them easy understanding. The training program is follows as below.

### Training workflow:

A WORKSHOP ON

## “FUSION 360”

(28<sup>th</sup> TO 30<sup>th</sup> DEC 2020)

### Programme Schedule

Course Content & Day wise for workshop :

DAYS	TIMINGS	COURSE CONTENT
DAY 1	09:00-9:30 AM	Introduction of Autodesk Fusion 360
	09:30-10:00 AM	User Interface and Navigation , Collaboration
	10:00-11:00 AM	SKETCHING - 2D Sketching, Applying dimensions, Use sketch constraints, Edit a Sketch
	11.00-12:30 PM	Practice
	12:30-01:30 PM	LUNCH BREAK
	01:30-2:30 PM	PART MODELING - Create extrude features, Apply Fillets and Chamfers, Create a shell feature, Create revolve features , Create a pattern of features
	02:30-4:00 PM	Practice

	04:00-4:30 PM	Sweep, Loft, Split and Combine bodies
	04:30-5:30 PM	Practice
DAY 2	09:00-10:00 AM	Create a 3D thread feature, Create Construction Planes and Axes, Inspect command; measure, and section analysis
	10:00-10:30 AM	Practice
	10:30-11:30 AM	ASSEMBLY MODELING - Create a component from a body, Align and Assembly Joints
	11:30-12:30 PM	Practice
	12:30-01:30 PM	LUNCH BREAK
	01:30-2:30 PM	Interference ,Create and manage top level assembly and subassemblies,
	02:30-5:00 PM	Practice
DAY 3	9:00-10:30 AM	DRAWING - Creating a drawing views, base, projected, section, detail, Edit border and Title block, Edit views, Add annotations
	10.30-12:30 PM	Practice
	12:30-1:30 PM	LUNCH BREAK
	01:30-4:30 PM	Assessment Test

### **REPORT ON “ FUSION 360”**

**STUDENTS LOOKING AT THE MONITOR  
WITH EAGLE EYE**

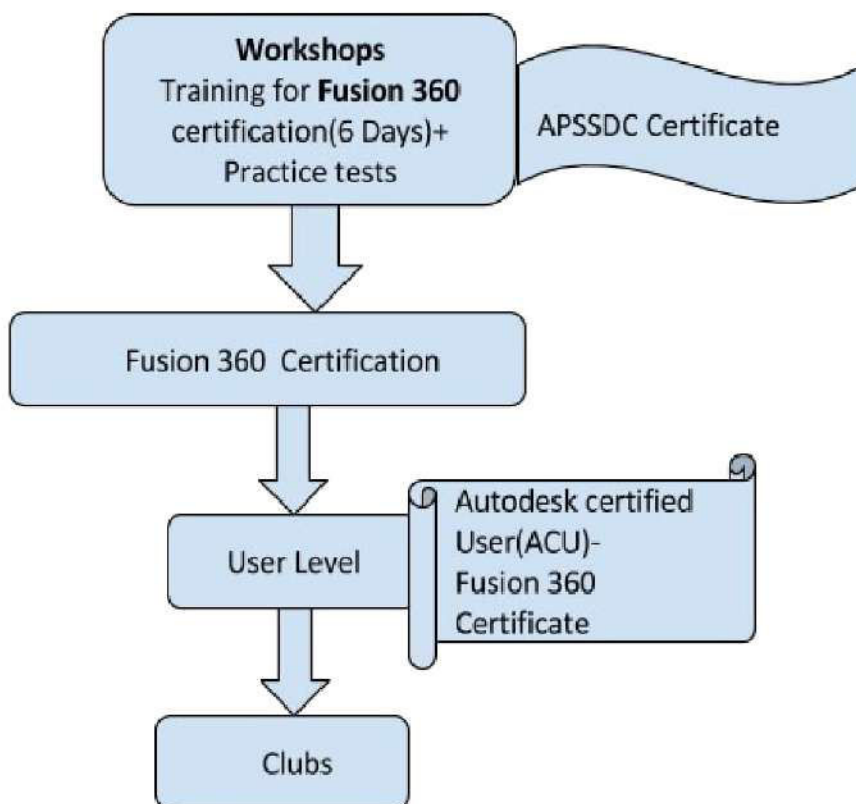

## COURSE OVERVIEW

In this course a student will get started with product design in Autodesk Fusion 360. During the course you will learn how to sculpt your idea, then move to parts and assembly modelling, and, as a final steps, create drawings, renderings and prepare for manufacturing on CNC machine or 3D printer.

Fusion 360 is a cloud-based CAD/CAM tool for collaborative product development. Fusion 360 enables exploration and iteration on product ideas and collaboration within distributed product development team. Most importantly, Autodesk Fusion 360 combines organic shapes modelling, mechanical design and manufacturing in one comprehensive package.

This course is designed to provide a comprehensive set of tools that will empower you to create any model you have in mind in Fusion 360. From simple features like extrudes and revolves, to complex commands like patterning along paths, you'll be able to create the unique geometry your models need. In addition, lessons are provided that focus on design techniques to make sure you start your model off right.

### Training workflow :

**SIDDHARTH INSTITUTE OF ENGINEERING & TECHNOLOGY  
(AUTONOMOUS)**

(Approved by A.I.C.T.E., New Delhi & Affiliated to J.N.T.U.A, Ananthapuramu)  
(Accredited by NAAC with 'A' grade)  
(Accredited by NBA for ECE, CSE & ME and an ISO 9001:2008 certified institution)  
SIDDHARTH NAGAR, NARAYANAVANAM ROAD, PUTTUR - 517 583  
CHITTOOR DIST., A.P., INDIA

**Training Feedback Form**

Name of the program : Fusion 360  
Name of the trainer : Mr. ABJ Ravi  
Duration of the program : 28/12/2020 - 30/12/2020

About Trainer and Training (Kindly tick one option)

Particulars	Excellent	Very Good	Good	AVG
The Trainer is Knowledgeable	✓			
Classes are conducted regularly and on time	✓			
How do you find the trainer attitude towards student	✓	✓		
Adequate time is provided for questions & discussion, and clearing doubts		✓		
How far has your trainer motivated you in developing interest in the subject?		✓		
How are the audibility and clarity of the teacher's voice	✓			
How accessible is your trainer for informal contact				✓
The Center and Labs/ Workshop is hygienic and safe			✓	
The trainer demonstrates the use of Tools & Equipment to conduct the training ( if applicable )		✓		
What is your opinion about the illustrative examples worked out in the class	✓			
The workshop/ Lab is good in terms of space, lighting and seating Arrangement			✓	
How do you find your trainer tolerance to disagreement				✓
How would you rate the training overall		✓

The difference between the college life and corporate life can be quite overwhelming for some students. Learn here how you can cope with the change. There is a vast difference between the two contrasting worlds of college classroom and a corporate workplace. Transitioning from one to another can prove to be quite a challenging task for most students. It also happens to be the very phase where most students go wrong, they are unable to understand the change in the scenario and the difference in the rules of the two worlds. Where in college you were concerned only with your academics and maintaining your GPA which comprised of theoretical knowledge on a broad basis. Things in the corporate world work on a completely different equation altogether. Being well-versed in some concept or theory doesn't mean that you can carry that work out with utmost perfection.

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on CNC MACHINES. We request you to suggest possible dates preferably between Feb 10<sup>th</sup> to 22<sup>nd</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
1	Introduction about CNC Machining, history.
2	Evolution of CNC codes, conversion of designs drawings to CNC codes and practice
3	CNC codes for Turning, Milling and Drilling operations
4	Simulation of CNC codes for Turning, Milling and Drilling operations and practice.
5	Practice of CNC machining codes and Demonstration of CNC machining on Turning, Milling and Drilling operations.
6	Applications CNC machines and usage and Advantages of CNC Machining.

### **REPORT ON “CNC MACHINES”**

Photographs of the Rob Cad Programme at SIEMENS CBT lab

#### **COURSE OVERVIEW**

CNC is one of the advanced technologies in machining industry, having knowledge about CNC Machining, is resourceful for every student. During the five days workshop on CNC Machining students understood about recent advancements in CNC Machining and its applications, advantages and usage. First all the background information and origin of CNCs are given to the students.

Later all the details about G&M codes are explained and demonstrated how to use them. Using G&M codes design drawings are converted to CNC programming. From this students learnt how to write a CNC program. Writing CNC program for Turning, Milling and Drilling Operations are taught to students. CNC codes are simulated and tool paths are generated to understand the machining pattern. Finally demonstration was given on how CNC Machines operate for Turning, Milling and Drilling operations. Workshop is designed in such a way that finally a student understands and executes CNC programming and machining with the help of G&M codes.

### REPORT ON “ROB CAD”

Photographs of the Rob Cad Programme at SIEMENS CBT lab

#### Course overviews

Rob cad Designing program has been conducted by department of mechanical engineering from 3<sup>rd</sup> to 8<sup>th</sup> FEB 2020. In this workshop the students learnt the designing and modeling of the various engine components in the 2D and 3D software. The trainers primarily provided hands on sessions to the students which makes them easy understanding.

In the Rob cad course the students learn basic Rob cad interface and features are explored. This class prepares users to attend more advanced training on Rob cad applications Rob cad fully integrates core technologies with a powerful set of process specific applications for a wide range of manufacturing disciplines, including spot welding, arc welding, painting and spraying laser- and water-jet cutting, drilling and riveting, and human operations. time-to-market. Rob cad serves manufacturing process design teams, including contractors and their supply chain, as well as service.

During this 6 days workshop students understood about the usage and necessity of Rob Cad software and their understandings are tested.

# “Implementing complex VLSI applications using open source EDA tools”

(23<sup>th</sup> TO 25<sup>th</sup> JAN 2020)

## Programme Schedule

### Course Content & Day Wise for workshop

DAYS	TIMINGS	COURSE CONTENT
DAY1 :	09:00-11:00 AM	Introduction to VLSI.
	11:00-01:00 PM	Introduction to Fabrication Steps.
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	open-source EDA tools
DAY2:	09:00-11:00 AM	Introduction to Basic digital design
	11:00-01:00 PM	Introduction to Basic terms and terminologies about physical design and timing analysis
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	General purpose circuit simulation program for non-linear and linear analyses
DAY3:	9:00-11:00 AM	Introduction to IC design components
	11:00-01:00 PM	Opentimer STA tool
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	Yosys Synthesis Tool

**IMPLEMENTING COMPLEX VLSI APPLICATIONS USING OPEN SOURCE EDA TOOLS**

## Course Overview

Implementing complex VLSI applications using open source EDA tools program has been conducted by department of electronics and communication engineering from 23<sup>th</sup> to 25<sup>th</sup> , Jan, 2020. The workshop provides a gentle introduction to the Very-large-scale integration (VLSI). Very-large-scale integration (VLSI) is the process of creating an integrated circuit (IC) by combining hundreds of thousands of transistors or devices into a single chip. VLSI began in the 1970s when complex semiconductor and communication technologies were being developed. The microprocessor is a VLSI device. This Workshop majorly focus on VLSI Design. VLSI and Embedded Systems Design Techniques are the main pillar of most of the present research, industrial and commercial activities in Electronics Engineering. This training program focuses on specific design techniques using VLSI Design Tools & Software. It also focuses on embedded system techniques such as Microcontroller Programming.

## REPORT ON “Basics of AUTO CAD”

Photographs of the “BASICS OF AUTOCAD” Programme at SIEMENS  
CBT lab

### **COURSE OVERVIEW**

During four days workshop on Auto cad, students learnt about the Computer Aided Drawing and Drafting tool Auto cad. Elaborated history and background of Auto cad was explained to students. How to download and setup Auto cad was taught and installed. Different applications of Auto cad were explained and taught how to use it for various applications. How to use different tools and various options in Auto cad were taught and made practice with students. Four days workshop was a fruitful experience for the students, finally the students tested on Auto cad to know their understanding about Auto cad.

---

Life skills go hand in hand with development, and can help your child succeed later in life. Discover the most important life skills your child should know and ways to incorporate them into your daily routine. " Ellen Galinsky describes seven skills necessary for success in all aspects of life, including school, relationships, and work. Children can learn these skills beginning in early childhood. One of the most important things you can do as a parent is to raise kind children and therefore, kind adults. Explore our list of everyday ways to encourage kindness in your pre-schooler.

## A WORKSHOP ON

### “PCB Design”

(7<sup>th</sup> TO 9<sup>th</sup> AUG 2019)

## Programme Schedule

### Course Content & Day Wise for workshop

DAYS	TIMINGS	COURSE CONTENT
DAY1 :	09:00-11:00 AM	Schematic Design
	11:00-01:00 PM	Component Footprint Design
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	Integrated Library Design
DAY2 :	09:00-11:00 AM	Gerber file generation
	11:00-01:00 PM	Board layout
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	PCB Design
DAY3:	9:00-11:00 AM	Routing
	11:00-01:00 PM	Etching of PCB
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	Soldering of Components on to PCB.

PCB Design

## **Course Overview**

PCB Design program has been conducted by department of electronics and communication engineering from 7<sup>th</sup> to 9<sup>th</sup> , Aug, 2019. The workshop was aimed to provide knowledge about Complete PCB Designing using simulation tool to test electronics & electrical circuit in software environment and also its Fabrication, PCB design software named Cad soft EAGLE & to make physical PCB at home so that any student can make project on his own.

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We, Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. WE are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on Importance Of Auto Cad. We request you to suggest possible dates preferably between Aug 2<sup>nd</sup> to 17<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
<b>1</b>	Introduction about AutoCAD, Importance of Auto cad.
<b>2</b>	importance of AutoCAD in the industry and important to learn AutoCAD drafting
<b>3</b>	3D Modeling and Visualization. Photorealistic Rendering. Solid, Surface and Mesh Modeling. Visual Styles.
<b>4</b>	PDF and DGN Import/Export/Underlay. Section Planes. 3D Scanning and Point Clouds. 3D Navigation.
<b>5</b>	Advantage and disadvantage of AutoCAD and Application AutoCAD. Features of AutoCAD

## REPORT ON “IMPORTANCE OF AUTO CAD”

Photographs of the Importance Of Auto Cad Programme at SIEMENS CBT lab

### **COURSE OVERVIEW**

During Five days workshop Importance of Auto cad., students learnt about In this course In order to use Auto cad. Advantageously in their designs, professionals take extensive training in it. With the passage of time, computers are being used widely in every industry. Auto cad.is an application that is run on computers, which have a graphic ability. Special computers are manufactured in order to run graphic applications with Auto cad being one of them. Although, this software is user-friendly, it requires training so that its professionals can use it productively in their work. If a construction or an architecture industry professional has extensive training on Auto cad. Software, there are tremendous chances for him to land the job of his dreams. He will thus, get to work in his dream company thanks to Auto cad. training. Five days workshop was a fruitful experience for the students, finally the students tested on Auto cad.to know their understanding about Auto cad.

<b>DAYS</b>	<b>TIMINGS</b>	<b>COURSE CONTENT</b>
<b>DAY1 :</b>	09:00-10:00 AM	Introduction of Robots in industrial automation
	10:00-11:00 AM	Why industrial robots?
	11:00-01:00 PM	Introduction to Economic aspects
	01.00-01:30 PM	Lunch Break
	01:30-02:30 PM	Introduction to Human aspects
	02:30-03:30 PM	Introduction to Safety aspects
	03:30-04:30 PM	Introduction to Economic aspects
<b>DAY 2:</b>	09:00-11:00 AM	Mechanical Structure, Mechanics / Kinematics
	11:00-01:00 PM	Serial kinematic
	01.00-01:30 PM	Lunch Break
	01:30-03:30 PM	Parallel kinematic
	03:30-05:30 PM	Performance data
<b>DAY 3:</b>	09:00-11:00 AM	Actuators, Electric actuators
	11:00-01:00 PM	DC Motors
	01.00-01:30 PM	Lunch Break
	01:30-03:30 PM	AC Motors
	03:30-05:30 PM	Servo Drives and Gear systems
<b>DAY 4:</b>	09:00-11:00 AM	Robot Control & Programming
	11:00-01:00 PM	Controller architecture
	01.00-01:30 PM	Lunch Break

	01:30-03:30 PM	Motion planning & execution
	03:30-05:30 PM	Programming and Program Structures
DAY 5:	09:00-1:00 PM	Introduction into IGUS robot technology
	01.00-01:30 PM	Lunch Break
	01:30-04:30 PM	CPRog Controller
DAY 6:	09:00-1:00 PM	IGUS Robots Programming
	01.00-01:30 PM	Lunch Break

Applied robotic control 1.0

## Course Overview

Applied robotic control 1.0 program has been conducted by department of electronics and communication engineering from 14<sup>th</sup> to 20<sup>th</sup>, Mar, 2019. The workshop provides a gentle introduction to the APPLIED ROBOTIC CONTROL 1.0. Students will be trained to the highest global standards in the fields of industrial robotics and manufacturing automation with hands-on experience at industrial production sites. Improve the students' skill in the field of automaton and increase their employability.

## REPORT ON “CNC PROGRAMMING”

Photographs of the **CNC PROGRAMMING** Programme

## **COURSE OVERVIEW**

CNC Program has been conducted by department of mechanical engineering from 25<sup>th</sup> to 28<sup>th</sup> FEB 2019. CNC Programming is one of the advanced technologies in machining industry, having knowledge about CNC Machining, is resourceful for every student. During the five days workshop on CNC Machining students understood about recent advancements in CNC Machining and its applications, advantages and usage. First all the background information and origin of CNCs are given to the students.

Later all the details about G&M codes are explained and demonstrated how to use them. Using G&M codes design drawings are converted to CNC programming. From this students learnt how to write a CNC program. Writing CNC program for Turning, Milling and Drilling Operations are taught to students. CNC codes are simulated and tool paths are generated to understand the machining pattern. Finally demonstration was given on how CNC Machines operate for Turning, Milling and Drilling operations. Workshop is designed in such a way that finally a student understands and executes CNC programming and machining with the help of G&M codes.

Name of the program : CNC PROGRAMMING  
Name of the trainer : P. PAVI KUMAR & K. ANMI RAJU  
Duration of the program : 25/02/2019 - 28/02/2019

About Trainer and Training (Kindly tick one option)

Particulars	Excellent	Very Good	Good	AVG
The Trainer is Knowledgeable		✓		
Classes are conducted regularly and on time	✓			
How do you find the trainer attitude towards student	✓			
Adequate time is provided for questions & discussion, and clearing doubts		✓		
How far has your trainer motivated you in developing interest in the subject?			✓	
How are the audibility and clarity of the teacher's voice	✓			
How accessible is your trainer for informal contact		✓		
The Center and Labs/ Workshop is hygienic and safe	✓			
The trainer demonstrates the use of Tools & Equipment to conduct the training ( if applicable )			✓	
What is your opinion about the illustrative examples worked out in the class		✓		
The workshop/ Lab is good in terms of space, lighting and seating Arrangement		✓		
How do you find your trainer tolerance to disagreement			✓	
How would you rate the training overall	✓

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
1	Introduction about AUTO CAD, history, usage and Advantages of AUTO CAD.
2	Curves and 3D modelling and practice.
3	Application of AUTO CAD and codes for Turning.
4	Geometric shapes and practices. Isometric drawings and practices.

## **SIDDHARTH INSTITUTE OF ENGINEERING & TECHNOLOGY**

### **REPORT ON “AUTO CAD”**

Photographs Of The **AUTO CAD** Programme At Siemens Lab

#### **COURSE OVERVIEW**

During Four days workshop on AUTO CAD, students learnt about auto cad. AUTOCAD is the standard design software used in the engineering, architecture, interior design and construction industries. Designers and drafters use it to create two-dimensional (2D) and three-dimensional (3D) computer drawings. Students interested in learning how to use this software can complete coursework to earn a certificate or degree or take individual non-credit classes at a higher education institution.

Courses that earn continuing education units toward professional development and training are available at Autodesk-authorized training centers, some of which are private organizations. Some of these training options can prepare students for professional certification through Autodesk. Graduates of these programs may find employment with architectural and design firms, construction businesses or engineering companies.

One week workshop was a fruitful experience for the students, finally the students learnt about a basic knowledge of AutoCAD's interface, menu options, toolbars and operational commands. Courses often include the opportunity for students to observe the execution of professional drafting projects and learn to create their own 2D designs.

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on ROB CAD BASICS. We request you to suggest possible dates preferably between FEB 18<sup>st</sup> to MAR 2<sup>nd</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
1	What is ROB CAD? , what are the uses and applications of RO BCAD. History of ROB CAD and evolution.
2	How to download, setup and install ROBCAD, various functions of ROB CAD, other alternative software for ROB CAD
3	Different types of application of ROB CAD, developing and simulating various robotic functions. Practice.
4	Optimizing and Validating various robotic functions and practice
5	PLCs, Robotic assembly applications and offline program multi device robotic and automated manufacturing processes.
6	Concept implementation, practice and evaluation of students.

### REPORT ON “ROB CAD BASICS”

Photographs of the **ROB CAD BASICS** Programme

#### **Course overviews**

Rob cad Designing program has been conducted by department of mechanical engineering from 18<sup>th</sup> to 23<sup>rd</sup> FEB 2019. In this workshop the students learnt the designing and modeling of the various engine components in the 2D and 3D software. The trainers primarily provided hands on sessions to the students which makes them easy understanding.

Rob cad is a work cell design and simulation tool that allows you to develop, simulate, optimize, validate and offline program multi device robotic and automated manufacturing processes. Siemens PLM Software also offers process Simulate Robotics and Robot expert product for robotics simulation and offline programming. These full action mockups of complete manufacturing cells and systems within a 3D environment provide a platform to optimize processes and calculate cycle times throughout the various stages of the development timeline, from concept through implementation.

During this 6 days workshop students understood about the usage and necessity of Rob cad software and their understandings are tested.

**“Analog Circuit Design Using Proteus”**

(1<sup>st</sup> TO 2<sup>nd</sup> FEB 2019)

**Programme Schedule**

<b>DAYS</b>	<b>TIMINGS</b>	<b>COURSE CONTENT</b>
<b>DAY1 :</b>	09:00-11:00 AM	Introduction to Proteus
	11:00-01:00 PM	Introduction to Analog circuits Design
	01.00-01:30 PM	Lunch Break
	01:30-03:30 PM	Deep understating MOSFETs
	03:30-05:30 PM	Understand Analog Circuit Basics of Single Stage Amps, Differential Amps, Current Mirrors, Two Stage Opamp Design, Feedback Theory & Frequency Compensation
<b>DAY2:</b>	9:00-11:00 AM	Understand Critical Analog Blocks such as Band Gap reference Design, Oscillators, Phase Lock Loop Designs
	11:00-01:00 PM	Critical Industry standard project execution
	01.00-01:30 PM	Lunch Break
	01:30-03:30 PM	Designing analog circuit using Proteus
	03:30-05:30 PM	Testing analog circuit using Proteus

ANALOG CIRCUIT DESIGN USING PROTEUS for Beginners program has been conducted by department of electronics and communication engineering from 1<sup>st</sup> TO 2<sup>nd</sup> Feb, 2019. They guided the participants about importance, applications, design and implementation of various analog circuits based on PIC microcontroller. These circuits were implemented using Proteus Software. The participants were benefited with hands on session on various modules of Analog circuits. It will help students to develop and design their final year projects using PROTEUS software.

## COLLEGE OVERVIEW:

**DR. K. ASHOK RAJU, Ph.D.,  
CHAIRMAN.**

An emerging center of excellence is promoted by Jaya Educational Society. Founded and professionally run by distinguished academicians, medical professionals and technocrats belonging to Chittoor District of Andhra Pradesh was established in 2001 with affiliation to the J.N.T. University affiliated to AICTE. It is located at puttur town a place 35 KM away from Tirupati. This place is very near to the famous Narayanavanam, a holy place where lord Venkateswara married goddess Padmavathi and is well connected by both railway and road ways (Chennai - Tirupati highway).

Established in the year 2001 over a sprawling Campus of 30 acres, amidst an aesthetic and sylvan surrounding, the College has developed into a center of excellence in Technical Education, recording remarkable growth in the last 10 years. Now the College offers 06 B. Tech programs, 07 M.Tech Programs, MBA, MCA and Second shift Diploma Courses. The College strives upon enhancement of the quality of education, and introduction of courses which have got global adaptation of latest technology with fruitful academic collaboration of industry. Proven record of admirable accomplishments with experience at IISc, IITs, Regional Engineering Colleges and Universities. The College offers first-rate ambience for the students, staff, and faculty members.

## ECE DEPARTMENT:

### Vision:

To emerge as a premier department in Electronics and Communication Engineering Education, producing creative technocrats who can address the challenges of the new century for the benefit of society.

### Mission:

To impart professional education with human values to transform students to be competent and committed electronics and communication engineers, researchers and academicians capable of providing solutions to the global challenges.

### SCOPE OF WORKSHOP:

The purpose of workshop is to design projects and enhance research and development among students.

### OBJECTIVES OF WORK SHOP:

To create awareness on various versions of ANALOG CIRCUIT DESIGN USING PROTEUS to do projects and enhance research and development among the students and staff.

### FEATURES OF THE WORKSHOP:

- ❖ Using PROTEUS to design ANALOG CIRCUIT projects
- ❖ To practice on different ANALOG CIRCUIT DESIGN USING PROTEUS.
- ❖ Hands on TESTING ANALOG CIRCUIT DESIGN.

## RESOURCE PERSON:

The resource persons are Ms. Yamini & Mr. Y. Yugandhar reddy, Take off from Tirupathi

## TARGET PARTICIPANTS:

- Students of all the departments.
- Restricted to maximum of 50 on first-come -first-serve

## REGISTRATION FEE:

Students – Rs.250/-

The Registration fee is to be paid through Demand draft drawn in favor of "SIDDHARTH INSTITUTE OF ENGINEERING AND TECHNOLOGY" payable at Puttur.

## IMPORTANT DATES:

Last date for Registration: 29-01-2019

Date of Workshops: 01-02-2019 & 02-02-2019

## ADDRESS FOR COMMUNICATION:

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. Muppala Janardhana Raju, Siddharth Institute of Engineering and technology, Puttur.

Greeting to you,

We, Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupati. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. WE are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on PCB DESIGN FABRICATION TECHNIQUES. We request you to suggest possible dates preferably between Oct 8<sup>th</sup> to Oct 13<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*K. Reddy*

## Course Overview

PCB Design Fabrication Techniques program has been conducted by department of electronics and communication engineering from 11<sup>th</sup> TO 12<sup>th</sup>, Oct, 2018. The primary aim of this workshop is to afford a pedestal for researchers, engineers, academicians as well as industrial professionals from all over the country to congregate their research consequences and enlargement tricks in PCB design Engineering and various steps taken by them to improve their demands with affordable exploring Technology etc. It also spotlights on advanced PCB design Process and their demands in real time world. To Learn the Basics building blocks in PCB design. And familiar with the design tools and parameters to the performance of various board design terminologies. Train in the field of fabrication and assembly by advance technology.

## COLLEGE OVERVIEW:

**DR. K. ASHOK RAJU, PH.D.,  
CHAIRMAN.**

An emerging center of excellence is promoted by Jaya Educational Society. Founded and professionally run by distinguished academicians, medical professionals and technocrats belonging to Chittoor District of Andhra Pradesh was established in 2001 with affiliation to the J.N.T. University affiliated to AICTE. It is located at puttur town a place 35 KM away from Tirupati. This place is very near to the famous Narayanavanam, a holy place where lord Venkateswara married goddess Padmavathi and is well connected by both railway and road ways (Chennai - Tirupathi highway).

Established in the year 2001 over a sprawling Campus of 30 acres, amidst an aesthetic and sylvan surrounding, the College has developed into a center of excellence in Technical Education, recording remarkable growth in the last 10 years. Now the College offers 06 B. Tech programs, 07 M.Tech Programs, MBA, MCA and Second shift Diploma Courses. The College strives upon enhancement of the quality of education, and introduction of courses which have got global adaptation of latest technology with fruitful academic collaboration of industry. Proven record of admirable accomplishments with experience at IISc, IITs, Regional Engineering Colleges and Universities. The College offers first-rate ambience for the students, staff, and faculty members.

## ECE DEPARTMENT:

### Vision:

To emerge as a premier department in Electronics and Communication Engineering Education, producing creative technocrats who can address the challenges of the new century for the benefit of society.

### Mission:

To impart professional education with human values to transform students to be competent and committed electronics and communication engineers, researchers and academicians capable of providing solutions to the global challenges.

### SCOPE OF WORKSHOP:

The purpose of workshop is to design projects and enhance research and development among students.

### OBJECTIVES OF WORK SHOP:

To create awareness on various versions of PCB DESIGN FABRICATION TECHNIQUES to do projects and enhance research and development among the students and staff.

### FEATURES OF THE WORKSHOP:

- ❖ Using PCB to design PRINTED CIRCUIT projects.
- ❖ To practice on different PCB DESIGNS.
- ❖ Hands on DESIGNING an artificial circuit boards.

## RESOURCE PERSON:

The resource person is Mr. Yugandhar reddy, Take off from Tirupathi.

## TARGET PARTICIPANTS:

- Students of all the departments.
- Restricted to maximum of 50 on first-come -first-serve

## REGISTRATION FEE:

Students – Rs.250/-

The Registration fee is to be paid through Demand draft drawn in favor of "SIDDHARTH INSTITUTE OF ENGINEERING AND TECHNOLOGY" payable at Puttur.

## IMPORTANT DATES:

Last date for Registration: 09-10-2018

Date of Workshops: 11-10-2018 & 12-10-2018

CCNA

## Course Overview

CCNA program has been conducted by department of electronics and communication engineering from 1<sup>th</sup> , Sep , 2018. In this workshop the students learnt the uses of CCNA, Setup and configuration of industrial servers like HP Proliant series servers. Servers which have hot swappable SCSI hard disk, multiple xeon processor etc.. Hardware RAID technology ( RAID 0, RAID 1, RAID 1+0, RAID 5 ) in datacenter servers. Installation and configuration of windows 2003 and windows 2008 server. Public Domain - DNS server installation and configuration. Point public domains in DNS server. Web server installation and configuration, public domain will host in the web server. Web content will manage through ftp server in ftp server. Server remote administration through RDP.

#### COLLEGE OVERVIEW:

**DR. K. ASHOK RAJU, Ph.D.,  
CHAIRMAN.**

An emerging center of excellence is promoted by Jaya Educational Society. Founded and professionally run by distinguished academicians, medical professionals and technocrats belonging to Chittoor District of Andhra Pradesh was established in 2001 with affiliation to the J.N.T. University affiliated to AICTE. It is located at puttur town a place 35 KM away from Tirupati. This place is very near to the famous Narayanavanam, a holy place where lord Venkateswara married goddess Padmavathi and is well connected by both railway and road ways (Chennai - Tirupathi highway).

Established in the year 2001 over a sprawling Campus of 30 acres, amidst an aesthetic and sylvan surrounding, the College has developed into a center of excellence in Technical Education, recording remarkable growth in the last 10 years. Now the College offers 06 B. Tech programs, 07 M.Tech Programs, MBA, MCA and Second shift Diploma Courses. The College strives upon enhancement of the quality of education, and introduction of courses which have got global adaptation of latest technology with fruitful academic collaboration of industry. Proven record of admirable accomplishments with experience at BSc, IITs, Regional Engineering Colleges and Universities. The College offers first-rate ambience for the students, staff, and faculty members.

#### ECE DEPARTMENT:

##### Vision:

To emerge as a premier department in Electronics and Communication Engineering Education, producing creative technocrats who can address the challenges of the new century for the benefit of society.

##### Mission:

To impart professional education with human values to transform students to be competent and committed electronics and communication engineers, researchers and academicians capable of providing solutions to the global challenges.

##### SCOPE OF WORKSHOP:

The purpose of workshop is to design projects and enhance research and development among students.

##### OBJECTIVES OF WORK SHOP:

To create awareness on various versions of CCNA to do projects and enhance research and development among the students and staff.

##### FEATURES OF THE WORKSHOP:

- ❖ Explore the latest Cisco technology in an interactive, hands-on environment with the Networks and switching packets.

#### RESOURCE PERSON:

The resource person is Mrs. Srivani, Parkus Technologies Pvt Ltd.

#### TARGET PARTICIPANTS:

- Students of all the departments.
- Restricted to maximum of 50 on first-come -first-serve

#### REGISTRATION FEE:

Students - Rs.150/-

The Registration fee is to be paid through Demand draft drawn in favor of "SIDDHARTH INSTITUTE OF ENGINEERING AND TECHNOLOGY" payable at Puttur.

#### IMPORTANT DATES:

Last date for Registration: 30-08-2018

Date of Workshops: 01-09-2018

#### ADDRESS FOR COMMUNICATION:

## Workshop Evaluation Form

Your feedback is critical for us to ensure we are meeting your educational needs. We would appreciate if you could take a few minutes to share your opinions with us so we can serve you better.

Please return this form to the instructor or organizer at the end of the workshop. Thank you.

Workshop title: CCNA

Date: 01-09-18 Instructor: Srinani

- |  | Strongly agree                           |   |                                      |                          | Strongly disagree        |
|--|--|---|--------------------------------------|--------------------------|--------------------------|
| 1. The program was well paced within the allotted time   | 1  | <u>3</u>  | 3                                    | 4                        | 5                        |
| 2. The instructor was a good communicator  | <u>1</u>                                 | 2   | 3                                    | 4                        | 5                        |
| 3. The material was presented in an organized manner   | <u>1</u>                                 | 2   | 3                                    | 4                        | 5                        |
| 4. The instructor was knowledgeable on the topic   | 1  | <u>2</u>  | 3                                    | 4                        | 5                        |
| 5. I would be interested in attending a follow-up, more advanced workshop on this same subject | <u>1</u>                                 | 2   | 3                                    | 4                        | 5                        |
| 9. Given the topic, was this workshop:   | <input type="checkbox"/> a. Too short    | <input checked="" type="checkbox"/> b. Right length | <input type="checkbox"/> c. Too long |                          |                          |
| 10. In your opinion, was this workshop:  | <input type="checkbox"/> a. Introductory | <input checked="" type="checkbox"/> b. Intermediate | <input type="checkbox"/> c. Advanced |                          |                          |
| 11. Please rate the following:   | Excellent                                | Very Good   | Good                                 | Fair                     | Poor                     |
| a. Visuals   | <input checked="" type="checkbox"/>      | <input type="checkbox"/>                            | <input type="checkbox"/>             | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Acoustics   | <input checked="" type="checkbox"/>      | <input type="checkbox"/>                            | <input type="checkbox"/>             | <input type="checkbox"/> | <input type="checkbox"/> |
| c. Meeting space   | <input checked="" type="checkbox"/>      | <input type="checkbox"/>                            | <input type="checkbox"/>             | <input type="checkbox"/> | <input type="checkbox"/> |
| d. Handouts  | <input type="checkbox"/>                 | <input checked="" type="checkbox"/>                 | <input type="checkbox"/>             | <input type="checkbox"/> | <input type="checkbox"/> |
| e. The program overall   | <input type="checkbox"/>                 | <input checked="" type="checkbox"/>                 | <input type="checkbox"/>             | <input type="checkbox"/> | <input type="checkbox"/> |

Thank you!

Please return this form to the instructor or coordinator at the end of the workshop.

Respected Sir,  
Sub: Request to organize a workshop in our institution-Reg.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on Role of Patent Information in Development of Research Vistas in Universities.

We request you to suggest possible dates preferably between AUG 1<sup>st</sup> to 10<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

**REPORT ON**  
**“Role of Patent Information in Development of Research Vistas in Universities”**

Photographs of the “Role of Patent Information in Development of Research Vistas in Universities” at CBT lab

**Course overview**

Role of Patent Information in Development of Research Vistas in Universities Program has been conducted by department of mechanical engineering from 6<sup>th</sup> to 8<sup>th</sup> AUG 2018. This Programming is one of the advanced technologies in machining industry, having knowledge about Patent, is resourceful for every Students and Faculties. The course shall give an in-depth understanding of patent law to engineers and scientists. This course will help person with a science background to understand the fundamentals of patent law, know the requirements of patentability, learn how to read and interpret patent specifications, analyze patent office procedures and court cases and develop the basic understanding for drafting a patent specification During the Three days workshop on Role of Patent Information in Development of Research faculties understood about recent advancements in Role of Patent and its applications, advantages and usage. First all the background information and origin of Role of Patent Information in Development of Research are given to the Students and Faculties.

## Patent Search exercises

1. Please locate following and write the name of the inventor, applicant, title and priority date
  - a. Indian patent no.176342
  - b. Canadian patent no. 2614813
  - c. Swiss patent no. 681586
  - d. PCT application no 2002 32415
  - e. Computer translated version of Japanese patent no11299444
  
2. Find out how many patents are there
  - a. Japanese patents relating to neem
  - b. US patents where neem is part of at-least one claim
  - c. US Patent applications where neem is referred in patent document but is not part of any claim
  - d. Indian patent applications relating to neem
  - e. Indian inventors filed patent in US in 1999also give numbers, search terms used and data source for all the above
  
3. List the following or find out how many
  - a. Indian patents expiring in January 2016
  - b. US patents expiring in December 2022
  - c. Indian patents accepted for the grant in year 2001
  - d. Patent applications filed in the name of TIFAC and DST
  
4. Definition of following IPC Class
  - a. C11B 1/04
  - b. A62B 9/06
  - c. D02J 3/00
  - d. B04B 15/04
  - e.
  
5. All possible classes for inventions relating
  - a. Bags
  - b. Medical bandage
  - c. Salad
  - d. Fuel tanks
  
6. Please find out whether the invention is novel or not as disclosed in the enclosed write-up. It is also expected to locate all closely related patents to the disclosure. Kindly fill up the enclosed Performa which included keyword strategies, all related IPC classes, combined strategies and name of the source of the database for each result.

To  
Mr. B. Saravana  
Trainer  
APSSDC

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on AUTO CAD BASICS. We request you to suggest possible dates preferably between JAN 2<sup>nd</sup> to 10<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
1	What is AUTOCAD? , what are the uses and applications of AUTOCAD. History of AUTOCAD and evolution.
2	How to download setup and install AUTOCAD, various functions of AUTOCAD, other alternative software for AUTOCAD, user interface for AUTOCAD.
3	Different types of application of AUTOCAD. Using AUTOCAD as engineering drafting tool. 2-D and 3-D computer aided drafting.
4	Practice of AUTOCAD for different applications and Evaluation of students knowledge on AUTOCAD.

## REPORT ON “AUTO CAD BASICS”

Photographs of the **AUTO CAD BASICS** Programme

### **COURSE OVERVIEW**

During four days workshop on AUTOCAD, students learnt about the Computer Aided Drawing and Drafting tool AUTOCAD. Elaborated history and background of AUTOCAD was explained to students. How to download and setup AUTOCAD was taught and installed. Different applications of AUTOCAD were explained and taught how to use it for various applications. How to use different tools and various options in AUTOCAD were taught and made practice with students. Four days workshop was a fruitful experience for the students, finally the students tested on AUTOCAD to know their understanding about AUTOCAD.

### REPORT ON “Innovations and IPR”

Photographs of the “Innovations and IPR at CBT lab

### COURSE OVERVIEW

Innovations and IPR Program has been conducted by department of mechanical engineering from 19<sup>th</sup> to 21<sup>st</sup> DEC 2017. This Programming is one of the advanced technologies in machining industry, having knowledge about Innovations and IPR, is resourceful for every Faculties. During the Three days workshop on Innovations and IPR and faculties understood about recent advancements in Advanced Training on Innovations and IPR and its applications, advantages and usage. The course shall give an in-depth understanding of patent law to engineers and scientists. This course will help person with a science background to understand the fundamentals of patent law, know the requirements of patentability, learn how to read and interpret patent specifications, analyze patent office procedures and court cases and develop the basic understanding for drafting a patent specification. First all the background information and origin Advanced Training on Innovations and IPR are given to the Students and Faculties.

## Patent Search exercises

1. Please locate following and write the name of the inventor, applicant, title and priority date
  - a. Indian patent no.176342
  - b. Canadian patent no. 2614813
  - c. Chinese patent no. 1956713
  - d. PCT application no 2002 32415
  - e. English equivalent of Japanese patent no11019522
  
2. Find out how many patents are there
  - a. Japanese patents relating to turmeric
  - b. US patents where turmeric is part of at-least one claim
  - c. US Patent applications where turmeric is referred in patent document but is not part of any claim
  - d. Indian patent applications relating to turmeric
  - e. Indian inventors filed patent in US in 1999also give numbers, search terms used and data source for all the above
  
3. List the following or find out how many
  - a. Indian patents expiring in January 2019
  - b. US patents expiring in December 2019
  - c. Indian patents accepted for the grant in year 2000
  - d. Patent applications filed in the name of TIFAC and DST
  
4. Definition of following IPC Class
  - a. A62C 3/00
  - b. E05B 5/02
  - c. G02F 7/00
  - d. B04B 3/00
  - e.
  
5. All possible classes for inventions relating
  - a. Mashing
  - b. Currency
  - c. Aldehydes
  - d. Moving walkways
  
6. Please find out whether the invention is novel or not as disclosed in the enclosed write-up. It is also expected to locate all closely related patents to the disclosure. Kindly fill up the enclosed Performa which included keyword strategies, all related IPC classes, combined strategies and name of the source of the database for each result.

**Respected Sir,**

Thanking you for your interest in Android Workshop .We are happy to conduct workshop on days proposed by you 11th,12th and 13th Oct 2017. As it is mentioned earlier, please take care of the lab configurations that was emailed to you in the proposal email. Please follow this link to register your students for workshop.

**The registration process document can be found in this link.**

**Please register your students in the portal. Trainers profile will be sent to your email soon. Please take care of the food and accommodation for the trainers. If you can give us the exact count of the students, we will send extra support members if needed. One day before the commencement of the workshop, one of our training team members will be sent to your college to take care of installations and other infrastructure related to the workshop. Also, provide food and accommodation to that person.**

**Thank**

# **International Institute of Entrepreneurship Development**

## **(I2E)**

### **Entrepreneurship Educators' Bootcamp**

**About I2E:** Andhra Pradesh State Skill Development Corporation (APSSDC), in partnership with Northeastern University, Boston, Massachusetts, USA (NU-IDEA), has established the International Institute of Entrepreneurship Development (I2E) to rapidly build a vibrant entrepreneurship ecosystem in the state of Andhra Pradesh. I2E consists of world-class entrepreneurship development centers (VDCs), supported by maker spaces, mentor and investor networks, e-clubs and a host of other catalytic incentives, to:

- a) Promote a culture of innovation based entrepreneurship
- b) Build competencies through practical, hands-on experiential learning
- c) Help empower entrepreneurs to launch successful ventures

**Entrepreneurship Education Programs:** I2E is launching a series of short-term and long-term programs to coach and mentor engineering and business management graduates and students and to assist them with the ideation, development and launch of their own ventures. The proprietary NU-IDEA venture development process (<https://www.northeastern.edu/idea/>) consists of a hybrid methodology of self-paced online learning combined with practical, hands-on venture development supported by a carefully assembled ecosystem native to each location. The entrepreneurship education programs shall be administered through Venture Development Centers (VDCs), to be set up jointly between APSSDC and selected educational institutions in Andhra Pradesh, in partnership with Northeastern University.

**Entrepreneurship Educators' Bootcamp:** As a prelude to the upcoming entrepreneurship education programs, I2E is offering first of its kind **Entrepreneurship Educators' Bootcamp** to provide an overview of entrepreneurship education and exposure to some of the topics that would be covered in the programs being launched for students. The Bootcamp, conducted in collaboration with Northeastern University, aims to enhance the repertoire of college faculty in imparting training to the students in the area of innovation driven entrepreneurship. The Bootcamp shall be conducted by world renowned faculty in the field of entrepreneurship and venture development process. NU faculty will touch upon the important topics in entrepreneurship and train the participants on how to effectively use methods and techniques to help enhance the teaching experience for both the faculty and the students.

**Benefits to the Participants:** Through the Educators' Bootcamp, Northeastern University will be providing a glimpse into the topics that are covered in the NU-IDEA India program. The intent of this Bootcamp is to give entrepreneurship educators an overview of a classroom setting with associated lecture materials, activities and homework/assignments. Participants in the Bootcamp are encouraged to engage as students and educators in order to gain an understanding of the course content as well as pedagogical approach used by the Northeastern University faculty.

**Topics to be Covered:** Following topics shall be covered during the Bootcamp

S.No.	Topic Name	Instructor	Duration	Mode
1.	Stages of Venture Growth and Keys to Success	Prof. Marc Meyer	1 - 1.5 hours	By Video Conf
2.	Design Thinking for Entrepreneurs	Prof. Marc Meyer	1 - 1.5 hours	By Video Conf
3.	Business Models	Prof. Gregory Collier	1 - 1.5 hours	In-person
4.	Go-To-Market	Prof. Gregory Collier	1 - 1.5 hours	In-person

Each topic will be followed by an interactive Q&A session.

The Bootcamp will be moderated by Mr. Krish Nangegadda.

**Short Bios of Instructors:**

- **Dr. Marc H. Meyer** – *Professor of Entrepreneurship and Co-Director of Northeastern University Center for Entrepreneurship Education*; widely published and recognized global authority on entrepreneurship; entrepreneur turned professor ([www.marchmeyer.com](http://www.marchmeyer.com)). Dr. Meyer attended Harvard and MIT, and is a visiting professor across the globe
- **Prof. Gregory Collier** – *Director of International Programs, Professor of the Practice, Entrepreneurship and Innovation at Northeastern University*. Prior to taking to teaching Prof. Collier has held corporate business development positions at international businesses and was an entrepreneur himself.
- **Mr. Krishna P. Nangegadda** – *CEO of MerWin Growth Partners LLC and Member of NU-IDEA Advisory Board at Northeastern University*; a serial entrepreneur and global business leader with over three decades of practical business experience.

**Key takeaways from Bootcamp:**

- Participants will learn modern teaching techniques from leading authorities and practitioners of innovation driven entrepreneurship
- Networking opportunity with APSSDC & NU for future collaboration

**Who Should Attend:** The Bootcamp is intended for faculty involved in the teaching or training of entrepreneurship or business courses, or those who are entrusted with the task of establishing innovation and entrepreneurship initiatives in a college. Non-business faculty with a flair for business and entrepreneurship are also welcome. Young, dynamic and enthusiastic faculty at the level of assistant/associate professor may be preferred for nomination by college administration. A maximum of two (2) nominations per college is allowed for participation in the Bootcamp.

**Participation Fee:** None. Participation is limited to a maximum two (2) members of faculty per college.

**Boarding, Lodging & Travel Expenses:** Participants will have to make their own arrangements for lodging and travel. Breakfast, Lunch and Dinner will be hosted by APSSDC.

**Date & Time:** 8<sup>th</sup> August, 2017, 9:00 AM to 7:30 PM, followed by dinner

*Detailed schedule of the Bootcamp shall be circulated later to registered participants.*

**Venue:** Fortune Murali Park, M G Road, Vijayawada

**Certificate:** Participants attending all the sessions, shall be awarded a *Certificate of Participation*, jointly by NU & APSSDC.

**Websites for General Information:**

- I2E - [www.engineering.apssdc.in/i2e/](http://www.engineering.apssdc.in/i2e/)
- NU-IDEA - [www.northeastern.edu/idea/](http://www.northeastern.edu/idea/)

**Register for Bootcamp:** Faculty members, with due authorization from their respective college administration, may register online at the following link. You will need to upload a copy of the nomination letter from your college, and bring the original to the Bootcamp:

Dear Sir/Madam

Greetings from APSSDC!

Andhra Pradesh State Skill Development Corporation (APSSDC) in partnership with [Northeastern University](#), Boston, Massachusetts, USA, has established International Institute of Entrepreneurship Development (I2E) to rapidly build a vibrant ecosystem consisting of world-class venture development centers (venture incubators and accelerators) to offer various academic and experiential learning programs to help ideate, mature and develop ventures through [Northeastern's proprietary NU-IDEA](#) process.

In this regard APSSDC is organising Educators Bootcamp for the faculty. Details of Bootcamp are attached in the document (Brochure-Faculty Bootcamp+KPN V2.docx)

**Request you to nominate / register faculty for the Bootcamp.**

**Register link:** <http://engineering.apssdc.in/FIP/>

## **A brief message on the Awareness Session on Technology Entrepreneurship Programme (TEP)**

The TEP is a unique initiative from Indian School of Business (ISB) for highly talented undergraduate students in their second year, 2nd semester of graduation to educate and promote technology and entrepreneurship in engineering colleges. TEP is a two year semi virtual program, a combination of online and offline modules. The Semi Virtual Programme format allows participants to understand and practice the concepts of design, management and entrepreneurship while continuing their technical learning at their home institutions. TEP gives students diverse learning opportunities through interactions with global faculty, experiential learning, and industry contact.

### **TEP Advantages:**

#### **For Enrolled Students:**

- o Complementing holistic development through entrepreneurship skills
- o Access to different academic and industry mentors
- o Networking opportunities with industry
- o Exposure to entrepreneurship ecosystem
- o Online training by global faculty

#### **For Students:**

- o Their college should be an enrolled college of TEP.
- o They should be in their 2<sup>nd</sup> year 2<sup>nd</sup> semester.
- o Applicants must be full-time regular student at the engineering college.
- o Applicants should have a proven record of high academic achievement.
- o Applicants should not have any backlogs at the time of application.
- o Applicants must be able to demonstrate leadership skills and an aptitude for entrepreneurship.
- o Former participation in entrepreneurship program is a plus.

With the above objectives, the Siddharth Institute of Engineering & Technology, Puttur organized an awareness session through Entrepreneurship Development Cell on TEP for the 2<sup>nd</sup> year Engineering students to register. There are a good number of students have been attended the session and clarified their doubts on the programme.

Dr.S.Kishore, Coordinator for the programme has provided all the programme information to the students and helped them to apply. The students thanked the all coordinators, Principals and Management for their valuable supports and suggestions.

Respected Sir,  
Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on CATIA V5. We request you to suggest possible dates preferably between JUL 24<sup>th</sup> to AUG 5<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
1	What is CATIA? , what are the uses and applications of CATIA. History of CATIA and evolution.
2	How to download, setup and install CATIA, various functions of CATIA, other alternative software for CATIA
3	Starting with CATIA. Different types of application of CATIA. Basic tools of CATIA S/W
4	Drawing, Designing, Surface working and Drafting using CATIA and Practice.
5	Assembly Drawing, Simulation and other product development techniques using CATIA
6	Practice of CATIA for different applications and Evaluation of student's knowledge on CATIA

## **REPORT ON “CATIA V5”**

Photographs of the CATIA V5 Programme

### **COURSE OVERVIEW**

CATIA V5 stands for Computer Aided Three Dimensional Interactive Application. It is an advanced tool for CAD it also incorporates CAM, CAE applications. It enables to design 2D and 3D features with great accuracy with minimal errors. Other applications such as Computational Fluid dynamics (CFD), Finite Element Analysis (FEA) and Multi Body Dynamics. CATIA is the most suitable software for engineering design and analysis of any product during its life cycle.

During this 6 days workshop students understood about the usage and necessity of CATIA software and their understandings are tested.

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on AUTO CAD. We request you to suggest possible dates preferably between JUL 3<sup>rd</sup> to 15<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

## Course content and Day wise workshop schedule

<b>DAYS</b>	<b>COURSE CONTENT</b>
1	What is AUTOCAD? , what are the uses and applications of AUTOCAD. History of AUTOCAD and evolution.
2	How to download setup and install AUTOCAD, various functions of AUTOCAD, other alternative software for AUTOCAD, user interface for AUTOCAD.
3	Different types of application of AUTOCAD. Using AUTOCAD as engineering drafting tool. 2-D and 3-D computer aided drawing and drafting.
4	AUTOCAD Drawing, practice
5	AUTOCAD Drafting, practice
6	Practice of AUTOCAD for different applications and Evaluation of student's knowledge on AUTOCAD.

## REPORT ON “AUTO CAD”

Photographs of the **AUTO CAD** Programme

### **COURSE OVERVIEW**

During six days workshop on AUTOCAD, students learnt about the Computer Aided Drawing and Drafting tool AUTOCAD. Elaborated history and background of AUTOCAD was explained to students. How to download and setup AUTOCAD was taught and installed. Different applications of AUTOCAD were explained and taught how to use it for various applications. How to use different tools and various options in AUTOCAD were taught and made practice with students. Six days workshop was a fruitful experience for the students, finally the students tested on AUTOCAD to know their understanding about AUTOCAD.

Date: 29.06.2017

## Submitted to Dean/ R&D:

A seminar was conducted on the topic **“How to write a Journal paper to publish it?”** organized by the R&D department on 26.06.2017.

The seminar aims to on how to write quality research paper to publish them in UGC/Scopus/SCI indexed journals that can benefit students, research scholars, faculty members and in-turn the institute for progress in research. The session gained adequate knowledge about the importance of journals writing, how to improve its quality, the need for research etc, attracting the eagerness and zealous of the participants.

The seminar was mostly attended by the faculty members and students of our institution with few research scholars.

## **INAUGURAL SESSION:**

The esteemed personalities present on the inauguration of the programme:

1. Prof. P. Karthikeyan – Felicitation address  
Associate Professor, Department of MCA, SIETK, Puttur
2. Dr. J.Gowrisankar – Welcome address  
Professor, Department of EEE, SIETK, Puttur
3. **Dr. C.R Suri Babu** – **Resource Person**  
**Associate Dean (Research), SASTRA University, Thanjavur**
4. Dr. K. Chandrasekhar Reddy – Vote of thanks  
Principal, SIETK, Puttur
5. Dr. M. Janardhana Raju – Concluding session  
Professor, Department of ECE, SIETK, Puttur

After the faculty members, research scholars have assembled, the session started with a welcome song in praise of Lord Ganesha and a welcome address is given by Dr J.Gowrisankar, Professor, Department of EEE, SIETK, Puttur. Totally around 95 participants have enrolled for the program and among this 95; 73 have already registered for the program and 22 faculties registered during that day for the program. The topic was on **“How to write a Journal Paper to publish it?”**. The resource speaker was Dr. Suri Babu, Associate Dean (Research), SASTRA University, Thanjavur.

# **SIDDHARTH INSTITUTE OF ENGINEERING & TECHNOLOGY**

(Accredited by NBA for Civil, EEE, Mech., ECE & CSE)

Accredited by NAAC with 'A' Grade)

Puttur -517583, Chittoor District, A.P. (India)

The session was handed over to Dr. Suri Babu, after the welcome address from Dr. J. Gowriankar where he started with his presentation in powerpoint, giving a basic introduction about research and what is the need for writing journal papers. He continued by explaining the basic concept of state of art in writing journal paper and how to carry out research activities for result interpretation. He also continued with few relevant articles, exhibiting in SCI, Scopus and UGC indexed journals, mentioning the standard and reach of these in the carrier. He told about his experience on publishing several journals with more citation which made the session a highly informative for the participants and enriched their knowledge on writing journal papers. The session finally concluded with discussion/questions from the participants that was clarified by the resource person.

## **VALEDICTORY FUNCTION:**

At the end of the session, a vote of thanks was delivered by our respected benefactor Dr. K. CHANDRASEKHAR REDDY, Principal, SIETK, Puttur who appreciated the participants for their enthusiasm towards the session. He insisted the participants to write journal papers and thanked Dr. Suri Babu for sparing his precious time for the seminar. Followed by it, the vote of thanks was given by Dr. M. Janardhana Raju, Professor, Department of ECE, SIETK, Puttur. At the end of the program, participants were requested to share their valuable feedback after having a brief questionnaire session.

## **OUTCOME :**

The outcome of the session is the enrichment of knowledge of the participants in writing journal papers depending upon the extent of research/project work they carried out. The topic will make a good progress in the carrier of the faculty members and also help them in pursuing research/project activities.

### **VISION OF THE INSTITUTE**

To be one among the premier Institutes of the country in producing Ethically strong and Technically sound engineers and managers to serve the nation.

### **MISSION OF THE INSTITUTE**

To create sacred environment for the students to acquire knowledge through innovative and professional approach and utilize it for the welfare of the mankind.

### **ABOUT SIETK**

Siddharth Institute of Engineering & Technology (SIETK) is an emerging center for excellence in Engineering & Management education. The management encourages the students and faculties to “Dare to Dream and Strive to Achieve”. Infrastructure and equipment are constantly upgraded, providing opportunities to the faculty and the students to enhance their skills continuously. The institutions aim at preparing the students to be great problem solvers, project leaders, communicators, and ethical citizens of a global community. The institutions are promoted by Jaya Educational Society, founded and professionally run by distinguished academicians, medical professionals and technocrats belonging to Chittoor District in Andhra Pradesh.

The Department of Research & Development

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. Muppala Janardhana Raju, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We, Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupati. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. WE are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on MATLAB & ITS APPLICATIONS. We request you to suggest possible dates preferably between Jan 30<sup>th</sup> to Feb 4<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*K. Reddy*

## Course Overview

MATLAB & Its Applications program has been conducted by department of electronics and communication engineering from 2<sup>th</sup> to 3<sup>th</sup>, Feb, 2017. The workshop provides a gentle introduction to the MATLAB computing environment, and is intended for beginning users and those looking for a review. It is designed to give students a basic understanding of MATLAB, including popular toolboxes. The course consists of interactive lectures and sample MATLAB problems that generally they face. Hands-on session helped students with the syntaxes and functions for use in programming. The tool helps at various stages in studying subject related to processing and analysis during regular subjects throughout courses. No prior programming experience or knowledge of MATLAB is assumed. Concepts covered include basic use, graphical representations and tips for designing and implementing MATLAB code.

## COLLEGE OVERVIEW:

**DR.K.ASHOK RAJU, Ph.D.,  
CHAIRMAN.**

An emerging center of excellence is promoted by Jaya Educational Society. Founded and professionally run by distinguished academicians, medical professionals and technocrats belonging to Chittoor District of Andhra Pradesh was established in 2001 with affiliation to the J.N.T. University affiliated to AICTE. It is located at puttur town a place 35 KM away from Tirupati. This place is very near to the famous Narayanavanam, a holy place where lord Venkateswara married goddess Padmavathi and is well connected by both railway and road ways (Chennai - Tirupathi highway).

Established in the year 2001 over a sprawling Campus of 30 acres, amidst an aesthetic and sylvan surrounding, the College has developed into a center of excellence in Technical Education, recording remarkable growth in the last 10 years. Now the College offers 06 B. Tech programs, 07 M.Tech Programs, MBA, MCA and Second shift Diploma Courses. The College strives upon enhancement of the quality of education, and introduction of courses which have got global adaptation of latest technology with fruitful academic collaboration of industry. Proven record of admirable accomplishments with experience at IISc, IITs, Regional Engineering Colleges and Universities. The College offers first-rate ambience for the students, staff, and faculty members.

## ECE DEPARTMENT:

ECE is a rapidly advancing field, with new ideas emerging every other second. From mobile phones to remote sensing, there are exciting avenues to explore and create even better ideas. The department has specialists from the fields of VLSI Design, Embedded Systems, Communication Systems, Wireless and Mobile Communication etc. The departments have well equipped laboratories offering good infrastructure to conduct experiments in all subjects.

### SCOPE OF WORKSHOP:

The purpose of work shop on ANDROID PLATFORM is to give an idea on android applications and to do hands-on with the students.

### OBJECTIVES OF WORK SHOP:

Realizing the growth of android applications in day to day life & need for trained man power in this fast growing area. The android application development course is for engineers in computers, mechanical, electrical, electronics & IT. It is a unique field, where engineers need to have sound knowledge.

### FEATURES OF THE WORKSHOP:

- ❖ Concentrates on android development tool installation and setup
- ❖ Explains basic android concepts with examples
- ❖ Provides the student a Live Sample Android App development & demonstration.

## KEYNOTE SPEAKER:

The resource person is Mr. J Preem Kumar From Consultant For Ni & Mathworks Products, Kanakadhara Solutions, Bangalore.

## TARGET PARTICIPANTS:

- Students of all the departments.
- Restricted to maximum of 50 on first-come - first-serve

## REGISTRATION FEE:

Students - Rs.100/-

The Registration fee is to be paid through Demand draft drawn in favor of "SIDDHARTH INSTITUTE OF ENGINEERING AND TECHNOLOGY" payable at Puttur.

## IMPORTANT DATES:

Last date for Registration: 01-02-2017

Date of Workshops: 02-02-2017 & 03-02-2017

### **REPORT ON**

### **“INTRODUCTION TO 3D PRINTING”**

**CANDIDATES IN LAB - INTERACTION WITH TRAINERS**

### **COURSE OVERVIEW**

3D printing is the advanced manufacturing process which is also called Additive manufacturing. In this workshop “INTRODUCTION TO 3D PRINTING”, latest manufacturing technology additive manufacturing was taught to students. The origin and background history of 3D printing was explained. Functioning of different 3D printing technologies were explained to the students.

Respected Sir,

Sub: Request to organize a workshop in our institution-Reg.

Ref: Telephonic Discussion by Dr. S. Sunil Kumar Reddy, Siddharth Institute of  
Engineering and technology, Puttur.

Greeting to you,

We Siddharth Institute of Engineering and technology Puttur would like to introduce ourselves as premier educational institutions located near Tirupathi. The institutions were established in the year 2001, and are affiliated to JNTUA, approved by AICTE, New Delhi and accredited by NBA. We are offering five Undergraduate, eleven Post graduate and four Diploma courses.

We frequently organize Guest Lectures/Seminars/Workshops/FDP on advanced technologies for the benefit of our students, faculties and also organize awareness camps for the benefit of rural public.

In this regard, we would like to organize a workshop on CATIA MECHANICAL EXPERT. We request you to suggest possible dates preferably between DEC 12<sup>th</sup> to 24<sup>th</sup> and also provide Program schedule and other details.

We eagerly look forward to having a favorable response from your end, so that we can make arrangements for your travel, accommodation etc.

Thanking you,

Yours sincerely,

*Ksreddy*

**A brief report on a day “Entrepreneurship Awareness Camp(EAC)”**

The Entrepreneurship Development Cell (EDC) of Siddharth Institute of Engineering & Technology, Puttur organized a day “**Entrepreneurship Awareness Camp** “ on 28-09-2016 to 30-09-2016 for the students of MBA & MCA. 120 participants have attended the program.

The program was started with the inaugural address in the presence of the Chief Guest Prof.Y.Raghu, Sri Vishveswaraiah Institute of Science & Technology, Madanapalle, Dr.K.Chandrasekhar Reddy, Principal, Siddharth Institute of Engineering & Technology, Puttur, and Mr.C.P.Gopi, Head, Dept. of MBA. The Principal highlighted the importance of entrepreneurship and emerging need in the present scenario. Prof. Y.Raghu, Chief guest of the program has taken the session and explained various concepts about entrepreneurship, project identification, Business proposals preparations followed by quiz. The entire program was carried on a good and interactive manner. At last the Dr.S.Kishore, EDC Coordinator has given by vote of thanks. The message was given to news papers for publications and all the participants dispersed happily after having high tea.

A handwritten signature in brown ink, reading 'S. Kishore', is positioned above the printed name of the EDC Coordinator.

Dr.S.Kishore

(EDC Coordinator)

The Principal

29<sup>th</sup> August 2016

PUTTUR.

Sir,

Sub: Entrepreneurship Awareness Camp – Reg.

The Andhra Pradesh Productivity Council (APPC), Hyderabad is an autonomous tripartite non-profit making body established by the Government of Andhra Pradesh in the year 1958 with a vision to promote productivity awareness & Quality of work life towards improving resource utilization and standard of living for national growth.

The main objective of conducting Entrepreneurship Awareness Camp is to enhance the capabilities of Science and Technology Graduates exploring the opportunities for gainful employment through EAC. APPC is organizing three days Entrepreneurship Awareness Camps (EACs) to the final year students of academic institutions in association with Entrepreneurship Development Institute of India (EDII), Gujarat under the sponsorship of National Science & Technology Entrepreneurship Development Board (NSTEDB), Govt. of India, New Delhi.

During these three day module, topics like opportunities for setting up of micro and small enterprises, formalities for setting up of industry, technical, financial, commercial as well as marketing aspects and schemes of assistance will be covered.

In this connection, we request you to give the opportunity to conduct the above EAC Programme for final year B.Tech (any branch) students (75 to 80) in your college. Also requested to suggest the suitable dates in the month of September/October 2016 for conducting the EAC Programme.

Thanking you,

Yours sincerely, Sd/-

(C.NAGESWARA RAO)

Sr.Asst.Director

Report

On

**"MANAGING INNOVATION THROUGH  
PATENT/IPR SYSTEM"**

**SIDDHARTH INSTITUTE OF ENGINEERING AND TECHNOLOGY**  
**PUTTUR, CHITTOOR DISTRICT.**  
**DEPARTMENT OF RESEARCH AND DEVELOPMENT**

Date: 30.09.2016

Submitted to Dean/ R&D:

A seminar was conducted on the topic “**Managing Innovation through Patent/IPR System**” which was organized by the R&D department on 28.09.2016.

The seminar aims to on how to manage innovation through patent or IPR system that benefits to students, research scholars and faculty members of the various institutions in order to gain some knowledge about adequate enforcement of their patents, trademarks and copyrights that would enhance their passionate and cultural vitality.

The seminar was attended mostly by our college students and faculty members including few other research scholars from other engineering colleges in the city.

**INAUGURAL SESSION:**

The esteemed personalities present on the inauguration of the programme:

- |   |   |                        |
|---|---|------------------------|
| 1. Mrs. C.R. HEMAVATHI<br>Associate Professor, Department of EEE, SIETK, Puttur | - | Felicitation address   |
| 2. Dr. S Kishore<br>Associate Professor, Department of MBA, SIETK, Puttur       | - | Welcome address        |
| 3. <b>Dr. Sangeeta Nagar,</b><br><b>PFC-TIFAC, New Delhi</b>                    | - | <b>Resource Person</b> |
| 4. Dr. D. Rajan<br>Professor, Department of ECE, SIETK, Puttur                  | - | Vote of thanks         |
| 5. Dr. M. Janardhana Raju<br>Professor, Department of ECE, SIETK, Puttur        | - | Concluding session     |

The session started with the ceremonial welcoming of the gathered faculty members and students from various colleges. It began with a song in praise of Lord Ganesha and totally around 124 participants attended the seminar program out of which 99 are faculties and 25 are students. Among these 99, 86 are internal faculty and 13 are external faculty who were present to get enriched on the topic “**Managing Innovation through Patent/IPR**”. The resource speaker was Dr. Sangeeta Nagar, PFC-TIFAC, New Delhi.

After a brief welcome address by Dr. S Kishore, Associate Professor, Department of MBA, the session was handed over to Dr. Sangeeta Nagar, where she started with an introduction about what is IPR. The session continued by explaining the basic concept, ideology and in detail about various patents which made the participants get highly focused, making the session very interactive and informative. The resource person continued the session her presentation with few relevant articles, exhibiting various IPR laws and guidelines with several acts including Patents Act, Copyright Act, Trademark Act, Design Act and so on. She also explained about the patents issued to various companies and shared her own experience on how to handle problems in patents, which made a highly informative session for the participants. The session finally concluded with discussion among the participants and clarification of queries which made a friendly ambience in the seminar.

#### **VALEDICTORY FUNCTION:**

At the end of the program, a valedictory function was conducted by our respected benefactor Dr.K. CHANDRASEKHAR REDDY, Principal, SIETK, Puttur who appreciated the participants for their enthusiasm towards understanding the importance of IPR. The vote of thanks has been delivered by Dr. D. Rajan, Professor/ Department of ECE. At the end of the program, participants were requested to share their valid experience and learning of the whole program. The program concluded with a happy note from everyone.

#### **OUTCOME :**

The sessions were very much informative and the discussed topics are of great benefit to the participants. The topics match with the current scenario made the participants to get progress with the most widely used advance technologies in this domain. This in turn will help in research activity and enhancement of knowledge for the faculties and their teaching.

### **[ VISION OF THE INSTITUTE ]**

To be one among the premier Institutes of the country in producing Ethically strong and Technically sound engineers and managers to serve the Nation.

### **[ MISSION OF THE INSTITUTE ]**

To create sacred environment for the students to acquire knowledge through innovative and professional approach and utilize it for the welfare of the mankind.

### **[ ABOUT S.I.E.T.K ]**

Siddharth Institute of Engineering & Technology (SIETK) is an emerging center for excellence in Engineering & Management education. The management encourages the students and faculties to "Dare to Dream and Strive to Achieve". Infrastructure and equipment are constantly upgraded, providing opportunities to the faculty and the students to enhance their skills continuously. The institutions aim at preparing the students to be great problem solvers, project leaders, communicators, and ethical citizens of a global community. The institutions are promoted by Jaya Educational Society, founded and professionally run by distinguished academicians, medical professionals and technocrats belonging to Chittoor District in Andhra Pradesh.

### **[ ABOUT THE SEMINAR ]**

The seminar is intended for research aspirants to get familiar about the practice of ethics in IPR.

### **[ ELIGIBILITY ]**

PG Students and faculty members pursuing their doctorate programs are well benefitted by this seminar.

## FEEDBACK FORM

Dear Participants, kindly give your feedback for the seminar by rating it from 1 to 5;  
1 being very poor and 5 being extraordinary

1. HOW DO YOU RATE THE OVERALL COURSE CONTENT :

1	2	3	4 ✓	5
---	---	---	-----	---

2. WAS THE COURSE USEFUL FOR YOUR ACADEMIC OR PROFESSIONAL CAREER

1	2	3 ✓	4	5
---	---	-----	---	---

3. HOW WAS THE CLARITY OF THE SPEAKER

1	2	3 ✓	4	5
---	---	-----	---	---

4. WAS THE COURSE MATERIAL ENOUGH

1	2	3	4 ✓	5
---	---	---	-----	---

5. WAS THE DOUBT CLEARED THEN AND THERE

1	2	3	4 ✓	5
---	---	---	-----	---

GENERAL COMMENT ABOUT THE PROGRAMME

Very Good.
------------

Pragati
