In the SSR, we claimed 2015 as the library usage data but the DVV has considered it as 368. The reason for this variation is we have uploaded only the footfalls data of library usage but not the proofs of online library access.

But we are claiming the library usage value as 2015. So, here as the supporting document we are providing the footfalls data for library usage on 06-11-2019 followed by online library access proof for the same day.

**PROOFS OF FOOTFALL DATA AND ONLINE  
ACCESS FOR LIBRARY USAGE ON 06-11-2019**
